

# Accuweigh Shipper Scale

An economy check weighing system suitable for off-line inspection during manufacturing.

Suitable to integrate with existing conveyor

## 'Accuweigh' Shipper Scale

- A Fully devoted static check weighing system, ideal for Shipping, Packaging and Labeling of products.
- Specifically designed & Developed for Pharmaceuticals, Food, FMCG Industries.
- Safe devise, durable stainless steel construction, and industry suitable built in software - delivers fast and accurate checking process.
- User friendly Design - Keeping the operator in mind. Scales are easy to operate, provided with complete configuration, operation for various check weighing actions.

## Features

- Industrial grade construction.
- Multipurpose, Flexible, Programmable Micro controller
- In built facility to indicate the total No. of Accept, High & Low ranges.
- Batch summary after end of batch.
- Fast, Accurate and Reliable measurements.
- Plug and play installation
- Tower Lamp indication (Green, Red, Amber)

## Hi End Micro Controller

- CPU - ARM7 micro controller
- Display - 6 digit 7 segment LED display for weight & 20 x 4 Line LCD dot matrix display for data entry
- Keypad - Cap sense Touch keypad - 17 keys - User Selectable parameters.
- Calibration - Through Keypad.
- Serial Ports - RS232 / RS485
- Built in real time clock

## Printer:

- Impact Dot matrix with standard characters size(5x7)
- Printer speed: 1.7lines/sec.
- Printer paper Size: Normal paper width 57.5+/-0.5mm
- Dimension : 165 (W) x113 (B) x 48 (H) mm
- Print slip contains information on Date, Line No. Batch No, weight, etc.
